

PROCESS METRIC FILTERS

In the Process Metrics Tab of the Report Portal, you can use the column header arrows to sort the table in ascending or descending order by column content. However, you can also filter the table to surface specific metrics by clinic (if you have a multi-site practice) or by clinician. This filter feature allows you, for example, to surface clinician data for a specified number of intakes or discharges /or/ the number of days between Status and Last Visit Date, etc.

To open the table click on the Table Detail button following the process graph tabs. Empty filter fields appear in the first row of the table.

Intro Active Intakes Discharges with Status Days Between Status-Discharge **Table Detail**

Print		Export		Active Clinicians		Intakes		Discharges with Status		Avg Days Between Status & Discharge	
Clinic	Last Month	This Month	Last Month	This Month	Last Month	This Month	Last Month	This Month	Last Month	This Month	
<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	
Clinic Sample Practice A	4	4	23	12	12	3	3.5	0.0			
Clinic Sample Practice B	21	18	236	44	114	31	2.5	1.9			
Clinic Sample Practice C	2	2	25	2	17	1	2.4	0.0			

The Filter Key is as follows:

	Description	Example
Text	Any text entered in field will MATCH text found within the column	<input type="text" value="abc"/> (finds any reference containing query such as "abc", "abcd", "abcde", etc.) <input type="text" value="Aaron"/> (finds "Aaron" and "Phillip Aaron Smith")
> >= < <=	Find alphabetical or numeric values less than (<), greater than (>) or equal to (=) the filtered query.	<input type="text" value=">=10"/> (finds values greater than or equal to 10) <input type="text" value="<10"/> (finds values less than 10)
<input type="text" value="-"/> or <input type="text" value="to"/>	Range of values (be sure to add a space before and after the dash (or the word "to").	<input type="text" value="10 - 30"/> or <input type="text" value="10 to 30"/> (matches values between 10 and 30 in the column)

The following is a **sample** of a filtered table to view Clinics with Less than (<) 10 Intakes, Less than (<) 10 Complete Discharged Episodes AND more than (>) 7 days between the most recent Status Assessment and the Last Visit Date.
